Spring Summer Autumn Winter
(circle)

Any special reason why? (flowering of wildflowers creek crossing too cold, too exposed in hot weather, danger of bushfires etc.)

Summer too hot

Anything else you think we should know? (private property access, great views, historic interest, unusual vegetation, recently been logged, recently been burned, etc.)

A hilly, but very enjoyable walk. Very small parking place @ start - probably 2 cars only. Lots of yellow pea - (*Pultenaea villosa*) on one section of track. Flowers Oct-Nov.

Thank You
